SAWDUST to *Sequins*

Step 1

Cut boards according to cutting list and drill pocket holes.

Step 2

Attach the base of the table by joining the 24" 2x2s together with the 10" 2x2s. Place pocket hole side of 10" boards facing down and screw in from the bottom.

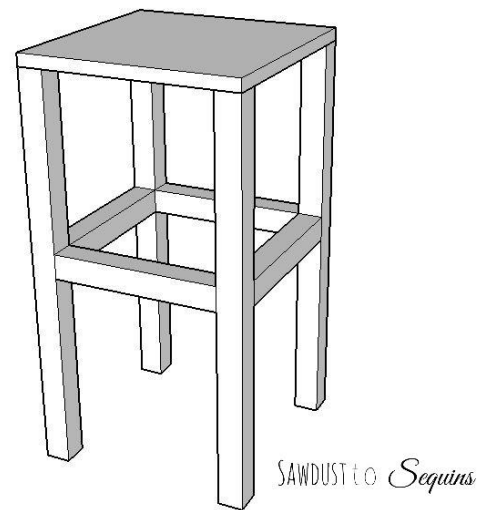

SAWDUST to *Sequins*

Step 3

Completely sand your table base, then paint or stain.

Step 4

Place the $\frac{3}{4}$ " plywood cut at 13" X 13" on top of the base and attach with pocket hole screws. Holes will be in the top of the base legs

Step 5

With the top sheet of plywood secured to the base of the table, tile your top.

If this is your first time tiling, search online for a tiling tutorial.

You Tube also has several instructional videos on tiling.
